REMARKS / ARGUMENTS

Claims 10-25 remain pending in the application.

Claims 20 and 21 have been amended to clarify a feature of the present invention. Claims 24 and 25 are more closely related to the invention claimed in co-pending application Serial No. 11/057,756. Therefore, claims 24 and 25 have been amended in the present application and are being added, without amendment, to application Serial No. 11/057,756. Thus, Applicants are electing to prosecute claims 24 and 25 in another application and maintain that those claims are patentable over the cited art. No amendments are being made for the purposes of overcoming any prior art.

Respectfully submitted,

MATTINGLY, STANGER, MALUR & BRUNDIDGE, P.C.
